A very distinctive fish-hawk, formerly classified with other hawks but now placed in a separate family of its own. Along coastlines, lakes, and rivers almost worldwide, the Osprey is often seen flying over the water, hovering, and then plunging feet-first to catch fish in its talons. After a successful strike, the bird rises heavily from the water and flies away, carrying the fish head-forward ...

Widespread, common, and conspicuous, the Killdeer calls its name as it flies over farmland and other open country. Like other members of the plover family, this species is often found at the water's edge, but it also lives in pastures and fields far from water. At times, it nests on gravel roofs or on lawns. Many a person has been fooled by the bird's "broken-wing" act, in which it flutters ...
