

Being An Only Child And Relationships

Being An Only Child And

An only child is a person with no siblings, either biological or adopted.. Children who have half-siblings or step-siblings, either living at the same house or a different house - especially those who were born considerably later - may have a similar family environment to only children, as may children who have younger siblings from both of the same parents (generally ten or more years).

Biologically, a child (plural: children) is a human being between the stages of birth and puberty, or between the developmental period of infancy and puberty. The legal definition of child generally refers to a minor, otherwise known as a person younger than the age of majority.. Child may also describe a relationship with a parent (such as sons and daughters of any age) or, metaphorically, an ...
