

British Rust Fungi

British Rust Fungi

Rusting definition, the red or orange coating that forms on the surface of iron when exposed to air and moisture, consisting chiefly of ferric hydroxide and ferric oxide formed by oxidation. See more.

Rusting | Definition of Rusting at Dictionary.com

Wheat leaf rust is a fungal disease that affects wheat, barley and rye stems, leaves and grains. In temperate zones it is destructive on winter wheat because the pathogen overwinters. Infections can lead up to 20% yield loss, which is exacerbated by dying leaves, which fertilize the fungus. The pathogen is *Puccinia rust fungus*. *Puccinia triticina* causes "black rust", *P. recondita* causes "brown ...

Wheat leaf rust - Wikipedia

The Fungi of Australia form an enormous and phenomenally diverse group, occupying a huge range of freshwater, marine and terrestrial habitats with many ecological roles, for example as saprobes, parasites and mutualistic symbionts of algae, animals and plants, and as agents of biodeterioration. Where plants produce, and animals consume, the fungi recycle, and as such they ensure the ...

Fungi of Australia - Wikipedia

Kingdom Fungi: Fungi is the kingdom of living organisms that is characterized by lacking chlorophyll, feeding on dead and decaying organic matter, producing spores, and having cells with cell walls that contain chitin.

Minnesota Seasons - Minnesota Fungi

Fungus definition, any of a diverse group of eukaryotic single-celled or multinucleate organisms that live by decomposing and absorbing the organic material in which they grow, comprising the mushrooms, molds, mildews, smuts, rusts, and yeasts, and classified in the kingdom Fungi or, in some classification systems, in the division Fungi (Thallophyta) of the kingdom Plantae.

Stained glass conservator Léonie Seliger provides an overview of the mechanisms of damage and decay that can affect stained glass, including internal and external surface deposits such as lichens and limescale, and the destructive corrosion processes that can produce 'weathering crusts'. Her article goes on to provide practical advice on when and how to clean historic stained glass ...

Cleaning Historic Stained Glass Windows

1st May 2019 Late April saw an arrival of Whitethroats across the country, and I noticed on Twitter that Mark Chipperfield had seen several in the castle gardens. Having not seen this species within the city centre (or on my walk to/from work - I know, so many lists) I made a detour after work and quickly located two, a singing male and a second more skulking bird.
