### **Business Plan Financial Advisor**

Financial Advisor Success: Goal Setting with a Business Plan. One of the biggest mistakes financial advisors make is not having a Business Plan with detailed goals for growth. They are too busy working in the practice doing the day to day activities of running a practice that they forget to stand back, look at the big picture, and plan their business success.

### **Financial Advisor Success: Goal Setting with a Business Plan**

In general usage, a financial plan is a comprehensive evaluation of an individual's current pay and future financial state by using current known variables to predict future income, asset values and withdrawal plans. This often includes a budget which organizes an individual's finances and sometimes includes a series of steps or specific goals for spending and saving in the future.
