Tax avoidance is the legal usage of the tax regime in a single territory to one's own advantage to reduce the amount of tax that is payable by means that are within the law. Tax sheltering is very similar, although unlike tax avoidance tax sheltering is not necessarily legal. Tax havens are jurisdictions which facilitate reduced taxes.. While forms of tax avoidance which use tax laws in ways ...

Tax avoidance - Wikipedia

International taxation is the study or determination of tax on a person or business subject to the tax laws of different countries, or the international aspects of an individual country's tax laws as the case may be. Governments usually limit the scope of their income taxation in some manner territorially or provide for offsets to taxation relating to extraterritorial income.
