### **Encyclopedia Of African American Music**

African-American music is an umbrella term covering a diverse range of music and musical genres largely developed by African Americans. Their origins are in musical forms that arose out of the historical condition of slavery that characterized the lives of African Americans prior to the American Civil War.. Following the Civil War, Black Americans, through employment as musicians playing ...

"Yesterday is history. Tomorrow is a mystery. And today? Today is a gift. That's why we call it the present".---Babatunde Olatunji. On April 6, 2003, only one day before his 76th birthday, one of the most important figures in popular music of the later half of the 20th century passed away surrounded physically by family and friends - and surrounded spiritually by the love and prayers of ...

African-American neighborhoods or black neighborhoods are types of ethnic enclaves found in many cities in the United States. Generally, an African American neighborhood is one where the majority of the people who live there are African American. Some of the earliest African-American neighborhoods were in New York City along with early communities located in Virginia.

The music of Africa is as vast and varied as the continent's many regions, nations, and ethnic groups. The African continent comprises approximately 20 percent of the world's land mass and has a population of roughly 934 million. African music is as diverse as its cultures and peoples and has flowered in many indigenous forms as well as been shaped by foreign influences.
