HTML5 is the latest and most enhanced version of HTML. Technically, HTML is not a programming language, but rather a markup language. In this tutorial, we will discuss the features of HTML5 and how to use it in practice.

HTML5 Tutorial

This HTML5 canvas tutorial demonstrates how to use particles to create the shape of text, and furthermore, how to make these particles interact, so that when your cursor moves over them, they explode and drift eventually out of the canvas frame. The particles are colorful and the interactive effect is very fun.
