

Painting The Landscape With Fire

Painting The Landscape With Fire

Landscape painting, also known as landscape art, is the depiction of landscapes in art – natural scenery such as mountains, valleys, trees, rivers, and forests, especially where the main subject is a wide view – with its elements arranged into a coherent composition. In other works, landscape backgrounds for figures can still form an important part of the work.

If you've been following my articles no doubt you have tried painting with light or using a wide-angle lens for landscape photography. You may have found some interesting ways to exploit the colour contrast between blue and orange and are definitely aware of the magical quality of the light during twilight. Today's technique brings all [...]

History. Shan shui painting first began to develop in the 5th century, in the Liu Song dynasty. [verification needed] It was later characterized by a group of landscape painters such as Zhang Zeduan, most of them already famous, who produced large-scale landscape paintings. These landscape paintings usually centered on mountains. Mountains had long been seen as sacred places in China, which ...

Just completed Evening Thicket, a new study for a large canvas that I have been planning for six years, ever since I painted the smaller panel of the same motif, Winter Thicket (right). This is a standard approach for me: when preparing for a large project based on an older plein air painting or reference photo, I will paint a new 'refresher' study, intended to get me back in the right frame of ...

Polygnotus of Thasos. Just before 500 BCE, as the period of Archaic Greek painting ended, oblique and other novel views of the human body and limbs became established in Greek sculpture and vase painting. A revolution which was the first step towards illusionism. Polygnotus of Thasos, an island in the North Aegean, was the first Greek painter whom the later critics recognized as a great master.
