The first Stanley Gibbons stamp catalogue was a penny price list issued in November 1865 and reissued at monthly intervals for the next 14 years. The company produces numerous catalogues covering different countries, regions and specialisms; many of them are reissued annually. The catalogues list all known adhesive postage stamp issues and include prices for used and unused stamps.

Everyone likes to save money on ever-rising postage costs - human nature! In Australia, ALL Decimal currency stamps with gum, issued in the past half century+ are fully valid for mailing letters and parcels, both locally and overseas. If you can buy them for well less than face, you make a very good legal saving. Most dealers sell it - I offer packs of \$500, and \$1,000 of mint full gum postage.
