A vital part of understanding a social problem, and a precursor to preventing it, is an understanding of what causes it. Research on the causes of violence against women has consisted of two lines of inquiry: examination of the characteristics that influence the behavior of offenders and consideration of whether some women have a heightened vulnerability to victimization.

Picture this: The second grade is busy working on their rain-forest projects, cutting out pictures of animals from magazines and gluing and pasting, when suddenly there's an argument over materials and Amy rips Maddie's project in half. As a teacher, what would you do? Some teachers might take away recess or send the errant Amy to the front office.
