Dance form and style. The style of dance employed for ceili dance differs greatly from that used for set dance, and has more the appearance associated with the style of step dance. In particular, it emphasizes height and extension, with dancers generally dancing on their toes (but not "en pointe" as in ballet).

Regions of the world. In each of these cultural regions are countries, people of various racial and ethnic groups, and their cultural values. Their arts include dances from aboriginals or first people (the original people who inhabited the land since millennia ago) who migrated to these regions because of war, famine, economic hardship, or other reasons.
