### **The Governance of Rangelands: Collective Action for ...**

It describes the nature of governance at different levels: community governance, state governance, international governance, and the unique features of rangelands that demand collective action (issues of scale, ecological disequilibrium and seasonality).

### **The Governance of Rangelands | Collective Action for ...**

Rangelands are large natural landscapes that can include grasslands, shrublands, savannahs and woodlands. They are greatly influenced by, and often dependent on, the action of herbivores. In the majority of rangelands the dominant herbivores are found in domestic herds that are managed by mobile ...
