The War Planners | Andrew Watts

The War Planners: Episode 1 by Andrew Watts is an excellent techno thriller which is full intrigue. This novella will grab you from the start. I liked the storyline the author has developed, it is both realistic and very believable. As the story progressed I found myself getting deeper into it and wanting more.

The War Planners: Episode 1 by Andrew Watts - Goodreads

eight other 'Lone Wolves' who had conspired with the original 'Lone Wolf' in planning the 'Lone Wolf' attack. Why do they tell us even though all involved are Muslims, you can be assured, the 'Lone Wolf' attack has nothing at all to do with Islam, just like the other 1,000 plus 'Lone Wolf' attacks by Muslims, are completely unassociated with Islam.

The War Planner

A good chunk of the middle of the book is devoted to the Red Cell's planning, suiting the book's title, The War Planners. These people, from various intelligence and defense agencies, as well as private contractors, are getting into the weeds on not only military defenses, but psychological warfare, economic warfare, information operations, and infrastructure attacks and weaknesses.

The War Planners - American Praetorians

The War Planners series contains elements of intrigue, conspiracy, and modern warfare. Written by a former naval officer and pilot, it is the first book in a military thriller / spy thriller series that you won't want to put down.
